Development Department, Bangalore

Sir

CHINTANI WATER SUPPLY

I have the honour to state that the present Water Supply to the town is from a tank, the water from which is taken in a masonry conduit and subsequently passed through slow sand filters and distributed in the town. The supply being precarious particularly in summer weather, the question of bore wells was investigated by the Sanitary and Industrial Engineers. One bore well was sunk close to the town in the first instance. This having proved successful two more were sunk also close to the town. These also proved successful. It was found that each one of these yielded a minimum of 1,500 gallons per hour. It is now proposed to impress these three wells for the town supply. An estimate on this behalf for Rs 26,020/- has been prepared by the Bureau of Sanitary Engineering and is enclosed for perusal. The report which accompanies the estimate explains the principles of the scheme.

The estimate provides for tools and plant charges at 18 per cent. The Municipal Council pray for complete waiving of these charges. I am not in favour of complete waiving but would recommend the levy of 5 per cent, as I believe the Local Body is quite capable of bearing this. The estimate including tools and plant charges at 5 per cent comes to Rs 23,153/- as against Rs 26,020/- at 18 per cent charges.

I request you to be so good as to obtain and convey early orders of Government sanctioning the estimate for Rs 23,153/-, the establishment, tools and plant charges being levied at 5 per cent, and the scheme being worked out by the Bureau of Sanitary Engineering

I have the honour to be,

Sir,

Your most obedient servant,

Director of Health

SIR

Referring to your letter No L 5603/11 154-34-4 dated 12-2-35, forwarding an estimate for Rs 26,020/- for the comprehensive Scheme for water-supply to Chintamani Town, I have the honor to retransmit herewith the estimate countersigned for Rs 23,153/- only, by the President, Chintamani Municipality, and to state that the Municipal Council have passed in their meeting held on 25-2-35 a resolution agreeing to meet the cost of the countersigned estimate out of the fixed deposit of Rs 30,000/-, which will mature in April 1935. Copy of the resolution is enclosed for favour of reference. The estimate for Rs 23,153/- includes the establishment, Tools and Plant charges at 5 only instead of 18% originally provided.

I request you to be so good as to obtain kind sanction Government to the scheme early.

Dated Bangalore 26th April

193 5

No 27562 *Case 2*
Encl 154-34-6

From

The Secretary to the Government of His Highness the Maharaja of Mysore
Development Department

To

The Deputy Commissioner,
Kolar District, Kolar

Sir,

With reference to the correspondence ending with your letter No A5 E.2017/34-35 dated 5th April 1935 regarding the scheme of water supply to Chintamani Town, I am directed to request you to be so good as to intimate what will be the extra amount of the maintenance charges which will have to be incurred after the present scheme is sanctioned and from what source the Municipality will meet them.

From the sanctioned Budget Estimates of the Municipality for 1934-35, it is seen that the deposits in the Savings Bank have to be withdrawn to a large extent in connection with the construction of Town Hall and Municipal Office at a cost of Rs 25,000 and it is not clear how the Municipality will be able to draw Rs 30,000 for the water supply scheme. I am to request that information may be furnished on this point also.

The estimate is forwarded herewith for reference and return

SIR

Referring to your letter No L 7562/L1 154-34-s dated 29-4-1935 regarding the source from which the extra amount of water supply maintenance charges would be met by the Chintamani Municipality, I have the honour to state that the Municipal Council have made a provision of Rs 564/- under E-9- Water Supply and Maintenance charges Temporary Establishment in the Budget for 1935-36. This provision represents the charges referred to in your letter.

2 Regarding the funds for meeting the cost of the scheme itself, the Municipal Council propose to meet the cost from the Savings Bank Deposits of Rs 30,000/- since there would be no prospect of the - construction of the Municipal Office Buildings during the current year as was originally contemplated. The amount of Rs 30,000/- in Savings Bank Deposits will be available for water supply scheme as a provision of Rs 12,600/- has been made in the Budget for 1935-36 for constructing the Municipal Office Buildings. Sanction of Government to the structure has since been communicated also.

3 I request you to be so good as to obtain very early orders of
Government sanctioning the scheme The estimate is retransmitted as
desired

I have the honour to be,
Sir,
Your most obedient servant.
